

April 30, 2018

Dear Stakeholder:

As a leader of a stakeholder group, you are invited by the Howard County Public School System (HCPSS) to appoint one representative to each committee chartered for policy development and/or review. Community stakeholders serve a vital function on these policy committees by sharing knowledge, experiences, and perspectives during the committee's work. For the 2018–2019 school year, these policies are as follows:

Policy 2020 Policy Development and Adoption
Policy 3010 Emergency Preparedness and Response
Policy 4000 Grants
Policy 7040 Alcohol and Noncontrolled Substances Abuse by Employees
Policy 7050 Drug Use by Employees: Illegal Drugs, Drug Paraphernalia, and Controlled Substances
Policy 7060 Royalties
Policy 9210 Student Dress Code
Policy 9270 Student Assault and/or Battery on Staff
Policy 9280 Students Charged with Community or Reportable Offenses
Policy 10000 Parent, Family, and Community Involvement
Policy 10020 Use of School Facilities

Please provide names and contact information for committee representatives to Kathy Bainbridge by telephone (410-313-8954) or email (kathleen_bainbridge@hcpss.org). Tentative committee meeting dates for each policy will be forwarded to you as soon as they become available.

If you or your group wish to gain knowledge of the policy development and revision process, a representative from the HCPSS Policy Office will be happy to meet with your organization to explain the process. If you have any questions or would like to schedule someone to meet with your organization, please contact Kathy Bainbridge at 410-313-8954.

Thank you in advance for supporting the HCPSS policy development and review process.

Sincerely,

A handwritten signature in black ink, appearing to read "Cherise Hunter", written over a horizontal line.

Cherise J. Hunter, Ph.D.
Policy Manager
