### **LEGISLATIVE UPDATE NOVEMBER 2021**

There is a steady stream of legislative activity that affects education in Howard County. The PTA organization is based on **ADVOCACY** for the well-being of children. Do not take a passive role, become involved and engaged in these matters through PTACHC or independently. In many cases PTACHC is the **SOLE** representative organization advocating for children in countywide legislation.

# COMPLETE STREETS –

<https://www.howardcountymd.gov/DM-updates> The complete streets design manual was released recently for feedback. This includes many safety factors for walking children. The effort focuses on “prioritization” of projects which may indicate a need for additional funding sources to meet local needs sooner. Many traffic standards have been improved but some have been loosened. Please review this for specific items that should be supported and for items that could be improved before submitted for final approval.

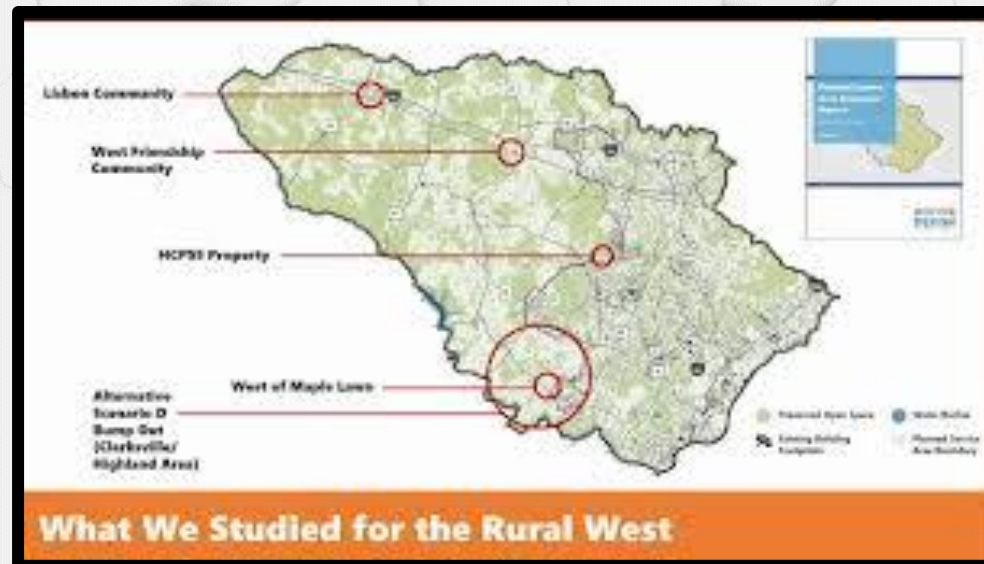

**OTHER** – A Considerable amount of environmental legislation is underway. These are not typically a PTACHC legislative priority, but may be of interest considering the level of environmental education efforts in HCPSS.

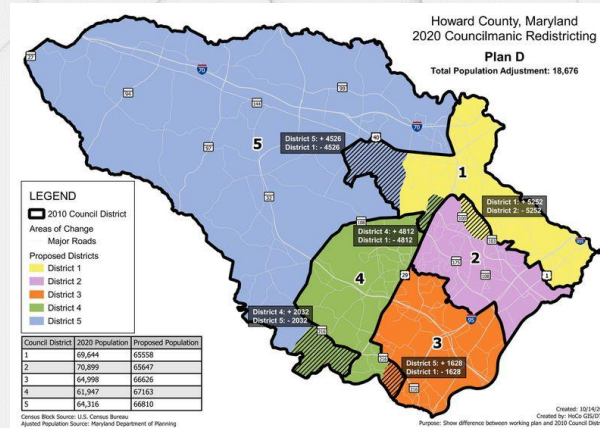

# HOWARD COUNTY GENERAL PLAN <https://www.hocobydesign.com/>

This is a significant effort **that should not be underestimated in any regard by membership.** While there is a very brief hiatus now as final drafts are being written, PTA members should be clearly familiar with the HOCO BY DESIGN resources and changes that positively or negatively affect education. Members should be prepared to participate in any feedback opportunities which arise on short notice.

# HOWARD COUNTY COUNCIL REDISTRICTING

Once a decade the council boundaries are changed based on latest census results. This now influences not only who represents you at a council level, but also influences residency requirements and boundaries of elected BOE members. Council districts do not align with DPZ planning regions or HPCSS planning regions.

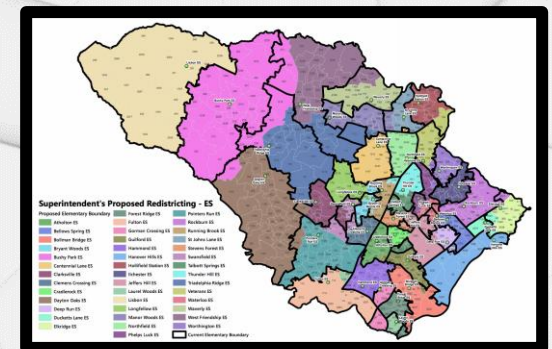

**HCPSS LEGISLATIVE COMMITTEE –**  
PTACHC and HCPSS operate as separate entities. There are instances where legislative support aligns. Please review the HCPSS agenda regularly.

**POLICY 6010** Public Hearing Nov 2 2021 (HCPSS) – In the strictest sense, this is policy, not legislation, this policy is tightly interrelated with growth patterns, land use, APFO, mitigation, state law, budgets and more. PTACHC has a long running and consistent position that schools should not be reallocated above 100% capacity utilization and that intentional expansion of concentrations of poverty is not supported. These positions are the basis for PTACHC support or opposition of policy 6010 specifics.

## **Items to watch at county level throughout October**

**\*COVID-19 impacts - Rescue Plan Financial Impacts**

**\*Renaming – Public Spaces Commission – (meets 11/1/2021 5:30PM) Potential renaming of schools, libraries, roads and parks**
